### **COVID amendments to careers support for 2021-22 (updated Oct 2021)**

Due to the restrictions, adaptations have been made to the careers provision. We are aiming to deliver all aspects of our usual careers programme if possible although there will likely be adaptations.

Work experience for Year 10 was cancelled for July 2020. In its place, virtual work experience opportunities were shared with the students that they could engage with during the 'lockdown' period.

Face-to-face careers interviews were suspended for half term 1 and 2. Interviews will be reinstated from September 2021

Remote interviews were investigated but did not take place.

The sharing of post-16 information will still take place for Year 11 students in an adapted format. The application process will still be supported during the autumn term.

As it stands, the Post 16 Evening is still planned for October but will change to a virtual experience if social distancing guidance does not allow the usual format.

## **Woodbrook Vale Careers Strategy**

Woodbrook Vale School (WBV) is committed to providing a planned programme of careers education for all students in year groups 7 – 11, as well as providing information, advice and guidance. We aim to inspire students, and provide real-life contact with employers and professionals, so that when students are required to make important post-16 decisions, they understand where different choices could take them.

We will ensure that each Year 11 student leaves WBV having made an informed choice regarding their post-16 education. We will provide individualised, timely and proactive guidance which recognises each student's strengths, weaknesses and aspirations. We will ensure that all students possess the skills and knowledge to enable them to thoroughly consider the pros and cons of each option and the potential consequences of their choices. All decisions will be supported by objective evidence.

The careers programme includes careers education sessions, careers guidance activities (group work and individual interviews), information and research activities, work related learning and individual learning activities. Careers lessons are part of the school's Personal Development Programme. Other events and activities are planned and organised separately throughout the year. We have strong links with local Post-16 providers and with the North Charnwood Learning Partnership (NCLP) careers group.

### **Aims**

Woodbrook Vale School's Careers policy has the following aims:

- enable students to make informed choices for the next stage of their education
- contribute to strategies for raising achievement, especially by increasing motivation
- support inclusion, challenge stereotyping and promote equality of opportunity
- encourage participation in continued learning including higher and further education
- develop enterprise and employment skills
- reduce drop-out rates and 'course-switching' in education and training
- contribute to the economic prosperity of individuals and communities
- meet the needs of all our students through appropriate differentiation
- focus students on their future aspirations
- provide parents/carers with relevant information regarding post-16 education to enable them to assist their child in making informed choices

Through Careers education and guidance our students will:

- Develop a positive self-image in relation to future learning and work related roles, based on an accurate assessment of abilities and aptitudes.
- Acquire a sound understanding of the range of opportunities available through learning and work, and of career progression pathways.
- Develop skills to form and implement effective decisions and a reflective approach to learning from experience.

To do this we will:

- Work in partnership with local employers and other education and training providers like schools, colleges, universities and apprenticeship providers.
- Use the 8 Gatsby benchmarks to ensure our provision meets the required standards
- Stress the importance of academic achievement in all GCSEs including English and maths.
- Promote equality of opportunity for all students, including SEND, boys/girls, disadvantaged students and widening participation students.
- Provide opportunities for students to develop entrepreneurial skills.
- Support all students to make informed choices, taking account of those with high aspirations, those from disadvantaged backgrounds and those with SEND and tailoring the support accordingly.

The Careers Education and guidance entitlement at WBV consists of five elements which together provide a coherent and progressive programme for all students.

1. Careers education programme
2. Work related learning
3. Careers information
4. Advice and guidance
5. Action planning

Students and parents are made aware of the programme through the school prospectus, the school website and the weekly and termly newsletters.

The statutory requirement to deliver independent careers guidance from Year 8 to Year 11 is fulfilled through the following (please also see Appendix 1):

### **1. Careers Education**

Careers education is delivered through a variety of means including assemblies, registration periods (15 mins per day), Personal Development (PD) sessions, 'drop-down' days and standalone opportunities throughout years 7-11. Careers education includes opportunities for our students to engage with employers from a range of industries. The careers education materials are updated to include changes around careers in society. Unifrog is updated regularly with support materials for new and existing careers.

### **2. Work related learning**

Work related learning is part of the careers education programme and is taught through the PD curriculum. In Year 10 all students take part in a full week of Work Experience which is funded entirely by the school budget.

### **3. Careers Information**

The Careers library is open, every day. Students have access to prospectuses, college and 6<sup>th</sup> Form information, leaflets and brochures. The careers library I pads are available for student use and Unifrog can be accessed by all year groups. The library is maintained by the Careers Lead, (HLTAs) and the Deputy Headteacher i/c careers. Students receive training on how to use Unifrog.

Year 11 students attend the school's Post 16 information evening in October each year to have a chance to meet a range of post-16 providers, training organisations and employers. Students have access to help from LEBC when applying for apprenticeships.

An assembly is delivered to all Year 10 students about future pathways.

In the autumn term of Year 11, local post-16 providers deliver sessions about the opportunities at their institution. This coincides with an individual careers interview and the careers convention.

The school's Careers week takes place each March to coincide with the national careers week (was moved from being in October prior to 2018)

#### **4. Advice and Guidance**

The statutory duty to provide independent and impartial careers advice and guidance is fulfilled. Each Year 9, 10 and 11 student also has a careers interview annually with a Level 6 Careers Advisor, so in total a student will have at least 3 individual appointments during their time at Woodbrook Vale. SEND and PP students are prioritised for their interviews. Year 7's and 8's will have careers input in small group sessions and in their PD lessons.

One-to-one help is also provided for all PP students through the HLTAs and for the SEND students through the SEND Dept.

Each young person receives individualised one-to-one guidance about their choice of post 16 options from a designated member of staff (usually the form tutor), using knowledge about the student and his or her academic achievement, and evidence within the local context (including examination results and, if available, destination data). Staff do not show any favouritism or bias towards a particular institution.

#### **5. Action Planning**

All students discuss their careers plan during each careers interview. Notes are recorded on Unifrog and are shared with the student via email. These notes will be accessible to others providing permission is gained from the student concerned. The action planning section of Unifrog is explored during time with tutor and in PD lessons.

#### **Management and Co-ordination**

The CEIAG programme is co-ordinated by the Careers Leader working with the Deputy Headteacher i/c Careers and the Personal Development Lead. The Careers Co-ordinator and Deputy Headteacher are responsible for:

- Producing and updating the CEIAG Policy
- Managing the careers library
- Liaising with LEBC, including the annual partnership agreement
- Identifying the careers needs of students and making appropriate referrals
- Organising trips and visits relating to careers
- Work experience
- Promoting CEIAG within and outside school
- Providing guidance to tutors and relevant staff on how to deliver post-16 advice
- Sharing information with staff effectively to ensure appropriate advice is given to students
- Ensuring that careers education is aligned with the WBV 'Futures' Award

The Lead for PD is responsible for:

- Producing and updating the careers education scheme of work, lesson plans and materials in conjunction with the careers leader. This includes 'drop-down' days
- Liaising with tutors and other staff delivering the careers education elements of PD.

## **Overview of CEIAG** (please also see Appendix 1)

In Year 7 and 8, the focus is on students knowing themselves well. Jobs and careers are introduced and students begin thinking about the vast number of careers and jobs available. Students start to look at their achievements and align these with possible careers pathways. The content then focuses on linking plans and dreams to reality. The connection between working hard at school and being more able to get a chosen job or career is made. We also link jobs to money and look at the cost of living.

In Year 9, the focus is self-assessment, career pathways and options post-14. We look at options choices and link these to career pathways and jobs. We organise trips, visits and speakers in order to give students ideas about the real world of work.

In Year 10, the focus is the world of work, being responsible and preparation for work experience. We also look outside school for inspiration. On return from work experience students evaluate their understanding and begin to consolidate or rethink their ideas about work and career pathways.

In Year 11, the focus is post-16 options and the sixth-form application process. Students are now focussed on the reality of applying for sixth form, jobs and apprenticeships. They write personal statements, application forms and prepare for interviews.

## **Parents and Carers**

In Year 9, parents are invited to an options evening where they are informed of the option choices and have time to talk to subject teachers. This is followed by a parents' evening. The options booklet is published on the school website with key dates and subject information.

In Year 10, parents are kept informed of any information and key dates in the weekly bulletin. They are informed of the work experience programme and they are invited to attend the Post 16 Information Evening.

In Year 11, a letter is sent home, explaining the options open to students Post-16 and a list of key dates. Parents are spoken to at Year 11 Parents Evening and most also attend the Post 16 Information Evening with the student.

Parents can also have a Unifrog account and are informed when careers interviews take place. There will be a trial of post cards home with action points after interviews.

## **Partnerships**

- A Service Level Agreement is ongoing with LEBC, detailing the contributions to the programme that each partner will make.
- Links with local 14-19 Providers and local Universities are strong and opportunities to engage students are looked for.
- Links with parents / carers are maintained using a variety of methods (parental leaflets, weekly newsletter and specific careers newsletter each half term, letters, options evenings etc.)

Any education or training provider who would like to share their opportunities with our students contacts Mr P Hynes ([phynes@wbvs.co.uk](mailto:phynes@wbvs.co.uk)) in the first instance.

We then ensure that the request is appropriate for our students and then arrange a suitable session that may be part of a dedicated careers (Personal Development) lesson, an assembly or an existing calendared school event.

There are a variety of spaces that are used for such sessions that include classrooms, the lecture theatre, the drama studio or the dining hall.

Full audio-visual and wireless Internet is available in all areas.

## The 8 Gatsby Benchmarks of Good Career Guidance

The 8 Gatsby benchmarks have been adopted by the government for schools to use as a framework for improving their careers provision. More information can be found at <http://www.gatsby.org.uk/education/focus-areas/good-career-guidance>.

The 8 Gatsby benchmarks are:

1. A stable careers programme
2. Learning from career and labour market information
3. Addressing the needs of each student
4. Linking curriculum learning to careers
5. Encounters with employers and employees
6. Experiences of workplaces
7. Encounters with further and higher education
8. Personal guidance

The school will continually evaluate its careers provision against the Gatsby benchmarks using the Compass tool to assist in further developing the existing provision.

(<https://www.careersandenterprise.co.uk/schools-colleges/compass-benchmark-tool>)

The first self-assessment using the Compass tool was completed in **April 2018** to help formulate our Careers action plan for 2018-19 and progress has been reviewed every term. Selected scores from the reviews are shown below.

Note: Reviews from March 2020 were impacted by COVID restrictions that meant the careers programme was delivered in an adapted format.

| Gatsby Benchmark |  | National figure (April 2018) | WBVS Score (April 2018) | WBVS Score (June 2019) | WBVS Score (July 2021) |
|------------------|--|------------------------------|-------------------------|------------------------|------------------------|
| 1                | Learning from career and labour market information | 41%                          | 4%                      | 100%                   | 94%                    |
| 2                | Learning from career and labour market information | 50%                          | 30%                     | 100%                   | 100%                   |
| 3                | Addressing the needs of each student               | 71%                          | 9%                      | 81%                    | 81%                    |
| 4                | Linking curriculum learning to careers             | 0%                           | 13%                     | 100%                   | 100%                   |
| 5                | Encounters with employers and employees            | 0%                           | 37%                     | 75%                    | 75%                    |
| 6                | Experiences of workplaces                          | 100%                         | 39%                     | 100%                   | 100%                   |
| 7                | Encounters with further and higher education       | 83%                          | 8%                      | 100%                   | 85%                    |
| 8                | Personal guidance                                  | 100%                         | 46%                     | 100%                   | 100%                   |

### **Additional opportunities through the Careers Programme (Years 7-11)**

Every year opportunities arise that are not part of the standard careers offer. These opportunities are evaluated and then included where appropriate.

Examples from the past academic years include:

- Travel and Tourism students visiting Stonehurst Farm Park to explore careers in the tourism industry
- Travel and Tourism students visiting East Midlands Airport to explore careers in the tourism industry
- Volunteer It Yourself session for 15 students to experience a joinery trade taster building benches for the school
- Leicester college - creative/media/vocational courses taster (Years 9/10)
- Stephenson College visit - experience a newer college outside the usual local post-16 providers (Year 9/10/11)
- STEM day with CIG - activities and presentations on careers in the STEM industries
- Wolfson degree show (Year 9s)
- University of Creative Arts (cynotype workshop) (Year 10 Fine Art students)
- Bank of England careers workshop (2019-20)
- Cartoon Art workshop (Years 7/8/9)
- Apprenticeship workshop (Year 10 and 11)
- Design/engineering project - Year 9 with Loughborough University students
- Loughborough University Higher Education experience day (Year 9 and 10 Pupil Premium students)
- Speed networking (Year 9/10/11)
- Mock Interviews (Year 10)
- Geo Bus (Year 8)
- Visit to Loughborough College Nursery (Year 10 Childcare students)
- Health Care Industry Careers Fair (Year 10/11 Health and Social Care students)
- Royal Navy Catering Challenge (Year 10 Food Tech Students)
