Woodbrook Vale Careers strategy

Woodbrook Vale School (WBV) is committed to providing a planned programme of careers education for all students in year groups 7-11, as well as providing information, advice and guidance. We aim to inspire students, and provide real-life contact with employers and professionals, so that when students are required to make important post-16 decisions, they understand where different choices could take them.

We will ensure that each Year 11 student leaves WBV having made an informed choice regarding their post-16 education. We will provide individualised, timely and proactive guidance which recognises each student's strengths, weaknesses and aspirations. We will ensure that all students possess the skills and knowledge to enable them to thoroughly consider the pros and cons of each option and the potential consequences of their choices. All decisions will be supported by objective evidence.

The careers programme includes careers education sessions, careers guidance activities (group work and individual interviews), information and research activities, work related learning and individual learning activities. Careers lessons are part of the school's Personal Development Programme. Other events and activities are planned and organised separately throughout the year. We have strong links with local Post-16 providers, the North Charnwood & Loughborough Inclusion Partnership (NCLIP) and the Leicester & Leicestershire Enterprise Partnership (LLEP).

Aims

Woodbrook Vale School's Careers policy has the following aims:

- enable students to make informed choices for the next stage of their education
- contribute to strategies for raising achievement, especially by increasing motivation
- support inclusion, challenge stereotyping and promote equality of opportunity
- encourage participation in continued learning including higher and further education
- develop enterprise and employment skills
- reduce drop-out rates and 'course-switching' in education and training
- contribute to the economic prosperity of individuals and communities
- meet the needs of all our students through appropriate differentiation
- focus students on their future aspirations
- provide parents/carers with relevant information regarding post-16 education to enable them to assist their child in making informed choices

Through Careers education and guidance our students will:

- Develop a positive self-image in relation to future learning and work related roles, based on an accurate assessment of abilities and aptitudes.
- Acquire a sound understanding of the range of opportunities available through learning and work, and of career progression pathways.
- Develop skills to form and implement effective decisions and a reflective approach to learning from experience.

To do this we will:

- Work in partnership with local employers and other education and training providers like schools, colleges, universities and apprenticeship providers.
- Use the 8 Gatsby benchmarks to ensure our provision meets the required standards
- Stress the importance of academic achievement in all GCSEs including English and maths.
- Promote equality of opportunity for all students, including SEND, boys/girls and disadvantaged students.
- Provide opportunities for students to develop entrepreneurial skills.
- Support all students to make informed choices, taking account of those with high aspirations, those from disadvantaged backgrounds and those with SEND and tailoring the support accordingly.

The Careers Education and guidance entitlement at WBV consists of five elements which together provide a coherent and progressive programme for all students.

- 1. Careers education programme
- 2. Work related learning
- 3. Careers information
- 4. Advice and guidance
- 5. Action planning

Students and parents are made aware of the programme through the school website and the weekly newsletters.

The statutory requirement to deliver independent careers guidance from Year 8 to Year 11 is fulfilled through the following (please also see Appendix 1):

1. Careers Education

Careers education is delivered through a variety of means including assemblies, registration periods (15 mins per day), Personal Development (PD) sessions, 'drop-down' days and standalone opportunities throughout years 7-11. Careers education includes opportunities for our students to engage with employers from a range of industries. The careers education materials are updated to include changes around careers in society. Unifrog is updated regularly with support materials for new and existing careers.

2. Work related learning

Work related learning is part of the careers education programme and is taught through the PD curriculum. In Year 10 all students take part in a full week of Work Experience which is funded entirely by the school budget.

3. Careers Information

The Careers library is open all day, every day. Students have access to online prospectuses, college and 6th form information, apprenticeship vacancies, training information leaflets and brochures. The library is maintained by the Careers leader and the Deputy Headteacher i/c careers. Students receive input on how to use Unifrog.

Year 11 students and their parents/carers attend the school's Post-16 Information Evening in October each year to have a chance to meet a range of post-16 providers, training organisations and employers.

Students have access to help from LEBC when applying for apprenticeships.

In the autumn term of Year 11, local post-16 providers share information with the students about their offer. This may include assemblies about the opportunities at their institution as well as provider open days. This coincides with an individual careers interview and the Post-16 Information Evening.

4. Advice and Guidance

The statutory duty to provide independent and impartial careers advice and guidance is fulfilled. Each Year 9, 10 and 11 student also has a careers interview annually with a level 6 Careers Advisor, so in total a student will have 5 individual appointments during their time at Woodbrook Vale with additional interviews available if needed. SEND and PP students are prioritised for their interviews.

This provision is being extended so all Year 7 and 8 students also benefit from personalised careers advice in line with new legislation from 2022-23.

One-to-one help is also provided for all PP students through the HLTAs and for the SEND students through the SEND Dept.

Each young person receives individualised one-to-one guidance about their choice of post 16 options from a designated member of staff (usually the form tutor), using knowledge about the student and his or her academic achievement, and evidence within the local context (including examination results and, if available, destination data). Staff do not show any favouritism or bias towards a particular institution.

5. Action Planning

All students discuss their careers plan during each careers interview. Notes are recorded and will be shared. The action planning section of Unifrog can be explored during time with their tutor.

Management and Co-ordination

The CEIAG programme is co-ordinated by the Careers Leader working with the Deputy Headteacher i/c Careers and the Lead for Personal Development. The Careers Leader and Deputy Headteacher are responsible for:

- Producing and updating the CEIAG Policy
- Managing the careers library
- Liaising with LEBC, including the annual partnership agreement (if applicable)
- Identifying the careers needs of students and making appropriate referrals
- Organising trips and visits relating to careers
- Work experience
- Promoting CEIAG within and outside school
- Providing guidance to tutors and relevant staff on how to deliver post-16 advice
- Monitoring tutors effectively to ensure appropriate advice is given to students

The Lead for Personal Development is responsible for:

- Producing and updating the careers education scheme of work, lesson plans and materials in conjunction with the careers co-ordinator. This includes 'drop-down' days
- Liaising with tutors and other staff delivering the careers education elements of PD as well as its place in the Futures Award.

Overview of CEIAG (please also see Appendix 1)

In Year 7, the focus is on students knowing themselves well. Jobs and careers are introduced and students begin thinking about the vast number of careers and jobs available. Students start to look at their achievements and align these with possible careers pathways. The content then focuses on linking plans and dreams to reality. The connection between working hard at school and being more able to get a chosen job or career is made. We also link jobs to money and look at the cost of living.

In Year 9, the focus is self-assessment, exploring possible career pathways and options post-14. We look at options choices and link these to career pathways and jobs. We organise trips, visits and speakers in order to give students ideas about the real world of work.

In Year 10, the focus is the world of work, being responsible and preparation for work experience. We also look outside school for inspiration. On return from work experience students evaluate their understanding and begin to consolidate or rethink their ideas about work and career pathways.

In Year 11, the focus is post-16 options and the sixth-form application process. Students are now focussed on the reality of applying for sixth form, jobs and apprenticeships. They write personal statements, application forms and prepare for interviews.

Parents and Carers

In Year 9, parents are invited to an options evening where they are informed of the option choices and have time to talk to subject teachers. This is followed by a parents' evening. The options booklet is published on the school website with key dates.

In Year 10, parents are kept informed of any information and key dates in the weekly bulletin as well as letters and SMS messages. They are informed of the work experience programme.

In Year 11, parents are made aware of the options open to students Post-16 and a list of key dates. Parents are spoken to at Year 11 Parents Evening and most also attend the Post-16 Information Evening with the student where personalised careers advice is available from the Careers Leader.

Partnerships

- A Service Level Agreement is ongoing with LEBC, detailing the contributions to the programme that each partner will make.
- Links with local 14-19 Providers and local Universities are strong and opportunities to engage students are looked for.
- Links with parents / carers are maintained using a variety of methods (parental leaflets, letters, newsletters, social media and options evenings etc.)

Any education or training provider who would like to share their opportunities with our students contacts Mr P Hynes (phynes@wbvs.co.uk) in the first instance.

We then ensure that the request is appropriate for our students and then arrange a suitable session that may be part of a dedicated careers (Personal Development) lesson, an assembly or an existing calendared school event.

There are a variety of spaces that are used for such sessions that include classrooms, the lecture theatre, the drama studio or the dining hall. Full audio-visual and wireless Internet is available in all areas.

The 8 Gatsby benchmarks of Good Career Guidance

The 8 Gatsby benchmarks have been adopted by the government for schools to use as a framework for improving their careers provision. More information can be found at http://www.gatsby.org.uk/education/focus-areas/good-career-guidance.

The 8 Gatsby benchmarks are:

- 1. A stable careers programme
- 2. Learning from career and labour market information
- 3. Addressing the needs of each student
- 4. Linking curriculum learning to careers
- 5. Encounters with employers and employees
- 6. Experiences of workplaces
- 7. Encounters with further and higher education
- 8. Personal guidance

The school will continually evaluate its careers provision against the Gatsby benchmarks using the Compass tool to assist in further developing the existing provision. (https://www.careersandenterprise.co.uk/schools-colleges/compass-benchmark-tool)

The first self-assessment using the Compass tool was completed in **April 2018** to help formulate our Careers action planning from 2018-19 onwards. Progress has been reviewed every term since.

The latest Compass+ evaluation can be found at https://compass.careersandenterprise.co.uk/shared/wM4U6U1o2vw3gE5LAA5SnuNPQpgMqNcG

The school also uses the 6 learning areas of the CDI Careers Development Framework (https://www.thecdi.net/New-Career-Development-Framework) whose purpose is to clarify the skills, knowledge and attitudes that individuals need to have a positive career.

Appendix 1

An outline of the typical Careers Programme through Years 7-11

Year Group	7	8	9
Element 1 – Careers Education Programme	PD lessons: Building Learning Power (BLP). My Progress File Achievements Decisions and choices My dream job Economic Well Being Exploring careers A working world and school	 Dream wish list Types of jobs Reality check After work Getting away Fair play Realising your dream It all starts at school 	PSHE/PD content: Options process The use of Unifrog Activities such as: • Your job or theirs? • Superwoman • Which way now • Changing work patterns • Young Enterprise 'Learn to earn'.
Element 2 – Work-related Learning			Your job or theirs? Changing work patterns Young Enterprise 'Learn to earn' considered
Element 3 – Careers Information	Widening Participation events Careers week activities Possible introduction to Unifrog Careers Interview	Widening Participation events STEM activities (e.g. CGI 2019) Careers week activities Careers Interview	Unifrog University visits Careers Interview 'Have a Go'-style events at Loughborough College (TBC) Options taster lessons Options evening Widening Participation events
Element 4 - Advice and Guidance	Careers interviews	Careers interviews	Options discussions with tutors and class teachers Careers interviews Loughborough University mentoring programme (TBC) Future scholars programme Which way now? Careers week activities
Element 5 - Action Planning	Use of Unifrog Start initial careers awareness	Use of Unifrog Start initial careers awareness	Use of Unifrog Start initial careers awareness Careers action planning through Options process

Year Group	10	11
Element 1 – Careers Education Programme	Work Experience preparation in Dec/Jan. Lessons on what it is and how to choose Self-placements arranged. Economic Well Being: can we live without money, how you make the most of your money, inflation, taxation, etc. Work Experience – preparation for placement (June/July) 1:1 Careers Interview	Post-16 choices Decision making Skills for work Personal statements Writing letter for jobs Applying for jobs Interviews Money 1:1 Careers Interview
Element 2 – Work-related Learning	Work Experience placement (June/July) Young Enterprise 'Companies Programme' (TBC) 3M Young Innovators challenge at Loughborough University (TBC) Bridge to Work event (TBC)	STEM activities University challenge day Mock Interviews (external provider) Talks from various employers/alumni Bridge to Work Event
Element 3 – Careers Information	Pathways talk from LEBC Oxbridge presentation. Bridge to Work – Year 10-11 with Loughborough College University trips Widening Participation events Careers week activities	Assemblies from all sixth form providers Q&A sessions with 6 th form students Attendance at WBVS Post-16 evening (October) Upper schools and colleges present in assemblies "Ask Apprenticeships" in to talk to selected students about apprenticeships. Widening Participation events Careers week activities Oxford University visit (TBC)
Element 4 - Advice and Guidance	Careers interviews for all students with priority for PP students and SEN students	Careers interviews for all. Careers interviews every Tuesday with careers advisor from LEBC. Action plans uploaded to Unifrog. Talk 'Why should I go to University' by Leicester University (Why HE?)
Element 5 - Action Planning	Through Unifrog	Through Unifrog Personal statements written Unifrog CV builder

Additional opportunities through the Careers Programme (Years 7-11)

Every year opportunities arise that are not part of the standard careers offer. These opportunities are evaluated and then included where appropriate.

Examples from the past academic years include:

- Travel and Tourism students visiting Stonehurst Farm Park to explore careers in the tourism industry
- Travel and Tourism students visiting East Midlands Airport to explore careers in the tourism industry
- Volunteer It Yourself session for 15 students to experience a joinery trade taster building benches for the school
- Leicester college creative/media/vocational courses taster (Years 9/10)
- Stephenson College visit experience a newer college outside the usual local post-16 providers
- STEM day with CIG activities and presentations on careers in the STEM industries
- Opus SEND project to mentor, support and give work experience to SEND students in a variety of industries (employers provide work experience, trips to employer's sites, visits schools to provide cv workshops, mock interviews, careers fairs, one to one mentoring etc.)
- Wolfson degree show (Year 9s)
- Teen Tech festival day (Year 8/9)
- University of Creative Arts (Cyanotype workshop) (Year 10 Fine Art students)
- Bank of England careers workshop (2019-20 TBC)
- Cartoon Art workshop (Years 7/8/9)
- Apprenticeship workshop (Year 10 and 11)
- Design/engineering project Year 9 with Loughborough University students
- Loughborough University Higher Education experience day (Year 9 and 10 Pupil Premium students)
- Willmott Dixon Eco Village Design
- The 'Big Ideas' programme
- Medic Mentoring Leicester University
- Employer talks veterinary science, chef, law etc.
- Slack & Parr Engineering workshop
- Bank of England careers
- Why HE? Loughborough University
