CREATIVE FACULTY

Key Stage 3

It has been fantastic to see the high standard of Creative homework being produced by students in Years 7, 8 and 9 this half term. The creativity, effort and pride shown in the work has been outstanding, with many students going above and beyond the expectations to develop their creative skills outside of lessons.

A special congratulations goes to our "Creative Leading Learners" in groups 775, 8B2 and 9A2 who impressed us with the quality of work submitted. Their commitment to completing homework to such a high standard has been recognised and they should be incredibly proud of their achievements.

The next "Creative Task Fortnight" is underway and we are looking forward to seeing another fantastic collection of creative responses!

Woodbrook Vale
School

CREATIVE FACULTY

Year 10 Food

The Year 10 Food Preparation class were making dishes of their own choice this week. It is fantastic to see the variety of products and the different skill sets required. Examples from this week included: Fancy steak sandwiches, hash browns, chocolate fondants, three cheese chilli jam toastie with a hot honey dip, sushi, chocolate fudge cake, chocolate lava cake, cheesy leek and potato pie, Lu Ru Fan (Taiwanese Braised Pork rice bowl), Millionaire's shortbread, churros with cinnamon sugar, chilli paneer and sushi tacos.

As well as the technical skills involved, the students had a real focus on their planning and timing which will help them when they need to complete their 3 hour practical coursework in Year 11.

Well done all!
Mr Hynes

HELLO FROM

Science

What a great start to 2026/2027! We've been so busy in the department with lots of hands on practical work, engaging lessons and important revision, the half term has flown by!

Year 11s have been working hard covering GCSE content ready for mock exams in December. A big well done to all those year 11s attending revision during lunchtimes and afterschool - we look forward to seeing you at future sessions.

Year 10 Biologists have been learning about plant transport, health and disease and microbiology this half term, building up to a big microbiology practical for triple scientists! Our Entry Level class (10s6) have already sat their first official exams and are primed ready for coursework completion in November. They completed some excellent models of diamond and graphite to help with their revision.

Year 9s are reaching an exciting time at Woodbrook where they have almost completed our KS3 curriculum!

They have been learning about Classification and building their fundamental knowledge of Chemistry concepts. Many classes even had a go at sampling our school field; it was lovely to get outside and enjoy the last summer sun. Well done year 9s!

This term, Year 8 students have been diving into the fascinating world of variation, genetics and evolution. They have extracted DNA with Mrs Dale and explored how characteristics are passed on, why individuals differ, and how species adapt over time. A key focus has been the voyage and writings of Charles Darwin, where students investigated his observations and how they led to the development of his ground-breaking theory of evolution. Through this work, Year 8 have gained a deeper understanding of how scientific ideas change over time and continue to influence the way we see the natural world today.

8SE have also made 'good graph guides' to help support our new year 7s with their graph skills! Take a look at some examples in the pictures!

Last but by no means least, the new year 7s have had an incredible start to their WBVS journey! From completing their 'Lab Safety' introduction and moving on to Forces and Cells topics, we have seen their confidence and practical skills grow so much already! Don't forget our Halloween Science club is running Tuesday 27th and Thursday 29th October - we look forward to sharing the spooky photos with you next half term - parents will receive a text confirming their child's place on Monday 26th October. Finally, outside of school, Mrs Dale has restarted her primary outreach programme again with her first visit to Mountfields, Lift Beacon and Outwoods Edge in the past month. Thank you to our local primaries for welcoming us, it's been so much fun and Mrs Dale loves meeting all the younger siblings of our current Woodbrook students!

Black History

Black History Month is an annual celebration which is celebrated throughout the month of October. Black History Month began in the US but was launched in London in 1987 with the aim of challenging racism and educating people about aspects of British history that were not taught in schools.

This year's theme, Honouring Black Britain, will celebrate people whose contribution has often taken place quietly within their communities. This includes people who have spent years teaching, caring, mentoring, serving, campaigning, creating opportunities and opening doors for others.

We would like to share with you some examples of what was happening in our very own county of Leicestershire at the same time significant national events were occurring.

In 1787, William Wilberforce became the leader of the abolition movement. This movement campaigned to end slavery in England. At the same time, in 1800, Thomas Babbington, the owner of Rothley manor became a Leicester MP. This enabled him to support Wilberforce in the successful passing of a bill to end slavery.

In 1948, Empire Windrush brought the first wave of Caribbean migrants to England. At the same time, the West Indian Sports and Cultural Club was established in Leicester.

In 1964, Nelson Mandela was sentenced to life imprisonment and the first Notting Hill Carnival took place in London. Here in Leicestershire, Elaine Hinds became Leicester's first Black telephonist for the Leicester General Post Office.

We pride ourselves at Woodbrook Vale in having a diverse curriculum which enriches student's knowledge and understanding of how people from a range of different backgrounds have shaped, and are still shaping, the world in which we live in today. Examples of which were shared in last week's assembly which was expertly delivered by members of 8TG: Jack Goodwin; Georgia Whitehead; Evelyn Crouchman; Noah Bastawy; Karmen Aly; Charlotte Yung; Sam Fung; Aahil Rahman; Samik Ajmani; Jayden Chan; Reuben Dent.

KS3 students were given the task of exploring an individual from the current period they are studying in history. We were blown away by the quality of work they produced, examples of which are now on display in school.

YEAR 8 FRENCH COMPETITION

Create a piece of work (poster/ mind map/ fact file, whatever you like) about Josephine Baker.

You should try to include ;

- Where and when she was born
- Where she lived in 1925 and her job
- What she did during the war
- Information about her Rainbow Tribe
- Her experiences after the war
- What she stood for

Entries to Mrs Kitching in Room 11 by Friday 16th October.

CELEBRATING OUR LANGUAGE LEARNING LEGENDS!

We are delighted to celebrate the French and Spanish students who have been selected to feature on the Modern Foreign Languages Faculty display board at Woodbrook Vale for the first half-term!

These students have impressed us with their commitment, enthusiasm and dedication to improving their language-learning skills. Their hard work deserves to be recognised, and we are incredibly proud of their achievements.

A huge congratulations to our Language Learning Legends! 🎉

Abia, Evan, Tye, Isaac, Millie, Archie, Ava, Anya, Kash, Ruby, Zyana, Isla, Harry, Maulik,
Emma, Aslan, Olly, Keegan, Mazie

SHREK The MUSICAL

Rehearsals are in full swing for this year's school production. As well as acting, singing and dancing students take responsibility for sound, lighting, costumes and props and have been working really hard.

Tickets will be on sale around Christmas for the shows on the evenings of Wednesday 27th, Thursday 28th and 29th January 2027.

Homework Club

Looking for a quiet and supportive space to get your homework done? Come along to the Homework Club in the school library every Tuesday, Wednesday, and Thursday from 3:00 to 4:00 PM. Open to students from all year groups, the Homework Club is the perfect place to focus on your assignments, study, or catch up on work. There's no obligation to stay for the entire hour—drop in for as long as you need! Whether you're looking for a peaceful environment to concentrate or need some guidance with your tasks, the Homework Club is here

TESCO

Take a look...

Linguascope is a great website for revising content covered in class by playing the games. There is an addition "construction of sentences" section which is more challenging. Why not challenge yourself to learn one of the other languages over the summer? the linguascope password had been changed

username = woodbrook
password = cultural20

We are pleased to share that Woodbrook Vale has been selected for the Tesco Fruit and Veg schools grant program starting from the 3rd August to Nov 2026, you can support our project by blue token in selected Tesco's Stores.

Our project is creating a sensory garden designed with students; supporting wellbeing, inclusion, multi-sensory learning and responsibility.

Please remember us when leaving the local Tesco stores.

**YOUR VOTE
MATTERS**

THANK
YOU

Everyone who has helped with the Blue tokens for our sensory garden,
Keep up the great work, we have till Nov 30th 2026 for the final count!

Go 4 Schools

As part of our commitment to inform parents/carers about students' progress whilst at Woodbrook Vale, we have Go 4 Schools an on-line internet based package that allows you to access your child's timetable as well as, attendance, homework and behaviour data.

Parents follow this link: <https://www.go4schools.com/parents/>
This information is also available through the Go 4 Schools Mobile App which can be downloaded from the App Store and Google Play

If you require help to set up your account please contact Julia Perry on 01509 557560 ext 1044 or jperry@wbvs.co.uk

QUORN FOOTBALL CLUB TRIAL DAY

20th October

Quorn FC, Farley Way Stadium.

The trial provides an opportunity within the grassroots football pathway for students interested in developing football to showcase ability, experience the coaching environment, and be assessed by coaching staff.

Trial Day Details:

Date: Tuesday 20th October 2026

Time: 9:30am – 1:00pm

Throughout the session, players/learners will take part in a variety of technical, tactical and small-sided games, designed to assess key areas including technical ability, game understanding, decision-making, physical attributes, attitude, and overall potential.

Quorn FC are particularly interested in hearing from learners who want to developing their game and looking to take the next step within their football journey.

Places for the trial day are limited, and therefore early registration is recommended.

If you have the right skills, potential and ambition, register your interest via <https://hoet.activehosted.com/f/79>

POST-16 OPEN EVENING

Our Post-16 information evening for Year 11 students was this week.

Representatives from post-16 providers, employers and training establishments were all represented. The students had a chance to talk to the different providers and narrow down (or confirm) their choices for next year.

Huge thanks go out to all the organisations who gave up their time to attend - De Montfort University, Loughborough University, The Loughborough College group, Leicestershire Police, Leicestershire County Council Careers in Early Years and Childcare as well as the local school sixth forms of Rawlins, De Lisle and Charnwood College.

The feedback from the providers was excellent. They all praised the confidence and quality of questioning from our students who had clearly done plenty of research to make sure they made the most of the evening.

Our new careers advisor, Mrs Joanna Jones, starts on the first day back after the half term break so watch this space for more careers opportunities.

Mr P Hynes

CAREERS

WORK EXPERIENCE OPPORTUNITY FOR FUTURE HEALTHCARE PROFESSIONALS

this is an important time for those considering healthcare careers to start building the experiences that will strengthen their future university applications.

Our next Allied Healthcare Virtual Work Experience Programme takes place on Sunday 4th October, from 8:30am - 5pm, and we would be very grateful if you could share this opportunity with your students.

Register here:

We strongly encourage students in Years 10 - 13 / S3 - S6 / N11 - N14 who are considering healthcare to get involved now. One of the biggest advantages students can give themselves is starting early. Work experience should not simply be something they complete just before applying to university. By taking part throughout the academic year, students have more time to explore different professions, reflect on what they learn and build a genuine understanding of working within healthcare.

During the programme, students will follow realistic patient cases from initial presentation through to treatment and recovery, seeing how different healthcare professionals work together as part of an NHS multidisciplinary team.

Students will explore careers including:

Nursing
Midwifery
Paramedicine
Physiotherapy
Occupational Therapy
Dietetics
Radiography
Speech and Language Therapy
Prosthetics and Orthotics
Pharmacy

Rather than simply observing, students are encouraged to think about patient-centred care, communication, teamwork, clinical decision-making and the different responsibilities of healthcare professionals.

These are experiences that students can reflect upon later in their university applications and interviews, while also helping them make a much more informed decision about which healthcare career is right for them.

Students will also receive a Work Experience Certificate for each session they complete, allowing them to build a record of their participation throughout the programme.

Allied Healthcare Virtual Work
Experience
Sunday 4th October
8:30am - 5pm

Register here:

GET INTO MEDICINE CONFERENCES

Our next Get Into Medicine Conferences are:

- Saturday 24th October, 9am - 1:30pm
- Sunday 25th October, 9am - 1:30pm

Our next Get Into Dentistry Conference is:
- Saturday 17th October, 9am - 1:30pm

<https://dental-mentor.org/get-into-dentistry-conference-sign-up/>

'OFF AND AWAY'

Beginning on Monday, June 29, 2026, education in England has changed under new government-imposed rules.

The Children's Wellbeing and Schools Act 2026 mandates that all state-funded schools create a completely phone-free environment during school hours. We wholeheartedly agree that the pressure of social media and constant connectivity is harmful to young people's focus and attention for learning.

Woodbrook Vale School operates an 'Off and Away' policy. This relies on students having a school bag in which to put their switched off phone. They can use it on their journey to and from school but not whilst on the school site.

Any student who has the phone in a pocket or on their person is breaking the school rule of 'Off and Away' and will have to hand the phone in for collection by the parent. Please have the necessary conversations in families to make sure our young people have understood the message.

Education - News, views, pictures, video

Most people in the UK stay in education until the age of 18, with nearly half of 17-30 year olds going on to Higher Education. The coalition government made the controversial decision bring student fees up to £9,000.

The Mirror

School**

The laptop you need. Without the cost.

Tech4Youth helps eligible young people aged 11-19 in Leicestershire get a free laptop to keep, with connectivity and digital skills support also available.

Apply now.
digitalpovertyalliance.org/tech4youth

**digital
poverty
alliance**

Access to the digital world is now an essential part of everyday life.

From school and college work to applying for jobs, building skills and staying connected, having access to the right technology can make a real difference.

Tech4Youth supports young people aged 11-19 in Leicestershire who do not have access to a suitable laptop at home. If your application is successful, you will receive a free laptop of your own, with connectivity and digital skills support also available.

A laptop that is yours to keep

There is nothing to return and no rental agreement. The laptop belongs to you and can be used at home for education, looking for work, developing your skills or anything else you need a laptop for.

Who can apply

You must be aged 11-19, live in Leicestershire and not currently have access to a suitable laptop at home.

If you are aged 16-19, you can apply directly. If you are under 16, a parent or caregiver must apply on your behalf.

A teacher, youth worker, councillor or another trusted professional will also need to verify that you would benefit from receiving a laptop.

Resources are limited, so meeting the eligibility criteria and having your application verified does not guarantee a laptop.

Apply online

digitalpovertyalliance.org/tech4youth

Prefer a paper form?

Text **T4Y**, followed by your name, street address and postcode, to **07984 445 476** to request an application form by post.

Digital Poverty Alliance is a Registered Office, 3rd Floor, 36-38 Paul Street, London EC2A 4PF. (Registered Company No. 1076161) (Registered Charity in England and Wales No. 1045516) (Registered Charity in Scotland No. SC20499) (Registered Company in the Isle of Man No. 080207) (Registered Charity in the Isle of Man No. 100)

Digital Poverty Alliance

For 25 years, the Digital Poverty Alliance has worked across the UK to tackle digital poverty and help more people access the technology they need.

As a national charity, we combine practical programmes with research, partnerships and advocacy to address barriers including access to devices, connectivity, digital skills and support.

Tech4Youth is part of that work, helping young people access the technology and skills they need for education, employment and everyday life.

More than a laptop

Tech4Youth is designed to give young people more than access to a device. Alongside a laptop to keep, the programme can provide connectivity and support to build digital skills, helping young people make fuller use of the technology available to them.

Leicestershire

Tech4Youth is open to eligible young people aged 11-19 living in Leicestershire who do not have access to a suitable laptop at home.

Through our partnership with the Barratt Redrow Foundation, more than 150 young people in Leicestershire have already received laptops, with the programme continuing to support more young people across the county.

Scan the QR code to learn more about Tech4Youth and apply for a laptop. Check your eligibility, read the terms and conditions and start your application online.

NHS Guidance

Sometimes it can be difficult to know whether your child is too ill to attend school. NHS guidance says it's fine to send them in with a minor cough or common cold, as long as they don't have a temperature – we will keep an eye on them.

See [NHS guidance sheet 'Is my child too ill for school'](#)

Is my child too ill for school?

UK Government

Does your child have a high temperature (38°C or more)?

YES

Keep them off school until it goes away.

NO

Follow the guidance below.

Your child can usually go to school with a mild cough or cold if they are otherwise well. If you do keep your child at home, it's important to phone the school or nursery on the first day and give them the reason.

Should go in	Should go in (let the school know)	Seek treatment before returning to school	Keep them off (at first)
<p>A cough, cold or sore throat</p> <p>Fine with slight cough or common cold symptoms, such as a runny nose, sore throat or headache, as long as they're otherwise well and do not have a high temperature.</p> <p>Threadworms</p> <p>Speak to your pharmacist, who can recommend a treatment.</p>	<p>Cold sores</p> <p>Encourage them not to touch the blister or kiss anyone while they have the cold sore, or to share things like cups and towels.</p> <p>Conjunctivitis</p> <p>Fine unless they are feeling very unwell. Seek advice from your pharmacist. Encourage your child not to rub their eyes and to wash their hands regularly.</p> <p>Head lice & nits</p> <p>You can treat head lice and nits without seeing a GP.</p> <p>Hand, foot & mouth disease</p> <p>If they seem well enough to go to school, there's no need to keep them off. Encourage your child to throw away any used tissues straight away and to wash their hands regularly.</p> <p>Slapped cheek syndrome</p> <p>Once the rash appears, they're no longer infectious. Let the school or teacher know if you think your child has slapped cheek syndrome.</p>	<p>Impetigo</p> <p>They'll need treatment from a pharmacist or GP, often with antibiotics. Keep them off school until all the sores have crusted over and healed, or for 48 hours after they start antibiotic treatment. Encourage your child to wash their hands regularly and not to share things like towels and cups with other children at school.</p> <p>Ringworm</p> <p>See your pharmacist unless it's on their scalp, in which case you should see a GP. It's fine for your child to go to school once they have started treatment.</p> <p>Scarlet fever</p> <p>They'll need treatment with antibiotics from a GP. Otherwise they'll be infectious for 2 to 3 weeks. Your child can go back to school 24 hours after starting antibiotics.</p> <p>Chickenpox</p> <p>Keep them off school until all the spots have crusted over. This is usually about 5 days after the spots first appeared.</p>	<p>Ear infection</p> <p>If your child has an ear infection and a high temperature or severe earache, keep them off school until they're feeling better or their high temperature goes away.</p> <p>Measles</p> <p>They'll need to see a GP. Call the GP surgery before you go in, as measles can spread to others easily. Keep your child off school for at least 4 days from when the rash first appears. They should also avoid close contact with babies and anyone who is pregnant or has a weakened immune system.</p> <p>Vomiting & diarrhoea</p> <p>Stay away from school until they have not been sick or had diarrhoea due to illness for at least 2 days (48 hours).</p>

Feeling worried or anxious: It's normal for any of us to feel worried sometimes. We may get a tummy ache or headache, or have problems eating or sleeping. Avoiding school can sometimes make a child's worries about going to school worse. If your child is struggling, please speak to school as soon as possible to explore available help. If your child is still struggling and it's affecting their everyday life, you should contact GP or school nurse.

To find out more, search www.NHS.uk for the specific illness or infection, or 'Is my child too ill for school?'

How Parents Can Access This Support:

Families do not need a school referral to access these specific early intervention programmes.

Parents can self-refer directly by visiting the NHS LLR Self-Referral Portal which can be accessed from our website [The Early Intervention Service \(EIS\)](#) | [The Relationships Centre - Leicester, Leicestershire & Rutland](#)

Early Intervention Service

Emotional wellbeing and therapeutic support for children and young people, and their parents/carers, living in Leicester, Leicestershire and Rutland.

Flourish

Our Flourish groupwork programme is for children and young people aged 8-17. It aims to equip young people with a better understanding of mental and emotional health, coping strategies and emotional resilience through a range of creative and engaging interventions.

The programme runs for 6-8 weeks, groups are separated by age range and tailored to better fit the needs of each age group.

Prosper

Our Prosper programme is a 3-hour Zoom session for parents/ carers of children experiencing anxiety. Our Prosper deliverers support parents to understand anxiety and how they can best support their children and young people to cope better.

Children and Young People's Counselling

A safe space for children and young people aged 8-18 to talk about challenges they're facing one to one with a trained counsellor, and learn better ways of coping.

ADHD support

We offer support to young people and their families where there is diagnosed or suspected ADHD. Our practitioners work with young people to support them in understanding ADHD and how this can impact them in their daily lives, and explore better ways of regulating their emotions. We also offer workshops for parents/ carers, supporting them to understand ADHD and how they can best support their children and young people to cope better.

Heads Up

The service is made up of two organisations: The Relationships Centre and Heads Up, and offers a range of support interventions for children, young people and parents/carers. You can find information on the services offered at Heads Up here:

www.headsupleicester.org.uk

To access this, you will need to be assessed and referred by your GP or you can complete a self-referral to see whether The Relationships Centre is the best fit for you:
